Closure of GDA Issue - GI-UKEPR-IH-03 – The Internal Flooding claims stated within the PCSR appear inconsistent with the deterministic approach to the analysis of potential sources of Internal Flooding.

I refer to GDA Issue GI-UKEPR-IH-03 published on the 14 July 2011.

I am writing to confirm that;

- You have submitted all the information committed within your Resolution Plan
- This information has been reviewed by ONR
- You have submitted all responses to Technical Queries
- You have identified all related modifications
- The information is judged to provide an adequate response to the GDA Issue

On this basis, ONR confirms closure of GDA Issue GI-UKEPR-IH-03.

A copy of this letter and the associated Assessment Report will be published on the ONR(HSE) website in due course.
